Disabled Persons Housing Service (Fife)

DPHS (Fife) is an independent, disability-led group covering all of Fife. We provide free housing information and advice for disabled people living in Fife who have particular housing needs or issues.

We work with people who have a physical, sensory or learning disability and people who have a mental health condition.

What do I do next?

- Contact DPHS (Fife) for a registration form - called a DPHR or download it from our website: www.dphsfife.org.uk
- We will explore all possible options with you.
- Housing information and advice is provided based on your own circumstances.
- We provide information and advice for all tenancy types
- Any relevant referrals can be made eg: Housing Application Forms; Money Advice, Housing Support etc.
- Advice on housing application forms and help to complete them if required
- We provide information and advice on all Housing Associations in Fife.
- We can provide information & advice on Scheme of Assistance for housing adaptations in the private sector.
- We hold a list of accessible private lets and also sheltered/retiral properties

Hospital Housing Options

Your housing needs may have changed since you went into hospital. We regularly visit Victoria, Queen Margaret and Cameron hospitals so can chat with you in hospital about your changing housing needs and explore all options. We also work in partnership with Fife Council to ensure any housing application submitted to Fife Housing Register is expedited. Please just give the office a ring (or email) or ask a member of staff to refer you.

I am working with someone in need, what do I do now?

Social Work, Support Agencies and other referral agencies can complete a referral on FORT (Fife Online Referral Tracking System - Fife Rights Forum) or, alternatively, download a DPHS Registration form direct from our website.

Consent needs to be given by your client and the form requires to be signed by them.

We use our statistical information to raise awareness of unmet need for specific needs housing in Fife and to inform responses to consultations as requested.
